Fuel Injectors

Race-proven fuel injectors give you complete control over placement, flow rates & much more.

High-Pressure Fuel Pump

The choice of BORLA® engineers, Bosch premium competition-grade pumps meet the fuel delivery needs of high-performance racing engines. Fittings Kit also available.

Powder-Coated Finish

Available for throttle bodies, the manifold, or both. Provides striking contrast that shows off the sophisticated components of your BORLA® Induction Throttle Body Kit.

Polished Finish

Enhance your engine bay even more with mirror-polished induction jewelry. Available for air horns, throttle bodies and the manifold. Creates a truly custom look.

FAST ECU Kit

Featuring the latest in flash microprocessor technology for faster processing speeds. Engine-specific wiring harnesses simplify installations!

Idle Air Control

Provides the extra air needed to meet the demands power steering & air conditioning put on your engine. Also increases cold start RPM.
