

**MODEL DESCRIPTION**

**PART #**

|                                  |        |
|----------------------------------|--------|
| V8 Kit, Ford 302, 35mm Air Horn  | 200099 |
| V8 Kit, Ford 302, 50mm Air Horn  | 200075 |
| V8 Kit, Ford 302, 75mm Air Horn  | 200100 |
| V8 Kit, Ford 302, 100mm Air Horn | 200101 |

In our Ford 302 Throttle Body Kits, the fuel rails and injectors are positioned in the middle of the "V". We cannot stress enough how essential this is for good fuel distribution and superior driveability. Our exclusive Fuel Rail Crossover Fittings easily transfer fuel from one rail to the other despite the proximity of the two rails. BORLA® Induction's billet center linkage assembly is also included, and the vacuum accumulator is cast integrally with the manifold.

**AVAILABLE OPTIONS FOR THIS KIT — DETAILS ON RIGHT ▶**

| OPTION                             | PART #     | OPTION                            | PART # |
|------------------------------------|------------|-----------------------------------|--------|
| Fuel Injectors 400-500 hp          | 206343     | Powder Coating of Throttle Bodies | 206298 |
| High Pressure Fuel Pump            | 206259     | Powder Coating of Manifold        | 206299 |
| Fuel Pump Fitting Kit              | 203057     | Polishing of Air Horns            | 206303 |
| ECU Kit w/sensors & wiring harness | On request | Polishing of Throttle Bodies      | 206300 |
| Idle Air Control                   | 205023     | Polishing of Manifold             | 206301 |

The options shown below are available for the Throttle Body Kit featured on previous page. Call 1-877-GO BORLA for more details, or visit [www.borlainduction.com](http://www.borlainduction.com). **IMAGES SHOWN ARE REPRESENTATIVE AND MAY NOT MATCH KIT ON PREVIOUS PAGE.**

**Fuel Injectors**

Race-proven fuel injectors give you complete control over placement, flow rates & much more.

**High-Pressure Fuel Pump**

The choice of BORLA® engineers, Bosch premium competition-grade pumps meet the fuel delivery needs of high-performance racing engines. Fittings Kit also available.

**Powder-Coated Finish**

Available for throttle bodies, the manifold, or both. Provides striking contrast that shows off the sophisticated components of your BORLA® Induction Throttle Body Kit.

**Polished Finish**

Enhance your engine bay even more with mirror-polished induction jewelry. Available for air horns, throttle bodies and the manifold. Creates a truly custom look.

**FAST ECU Kit**

Featuring the latest in flash microprocessor technology for faster processing speeds. Engine-specific wiring harnesses simplify installations!

**Idle Air Control**

Provides the extra air needed to meet the demands power steering & air conditioning put on your engine. Also increases cold start RPM.
