Recommended V8 System Accompanying Parts

System type: Ford 302 (Borla parts: 200075, 200099, 200100, 200101)

This reference includes categories of parts that are required or helpful to make your Borla Induction EFI system run. It is also possible to use equivalent parts to those listed.

ECU Controllers and accessories

Description	Manufacturer	Mfg P/N	Borla P/N	Notes
ECU kit – Terminator X	Holley	550-937	206798	• Without transmission control • Requires main harness modification to MAP sensor and IAC plugs if not purchased from Borla • Requires air and coolant temperature sensors if not purchased from Borla
ECU kit – Terminator X MAX With transmission control	Holley	550-943 550-944 550-945	None	• Part number varies by transmission • Requires main harness modification to MAP sensor and IAC plugs if not purchased from Borla • Requires air and coolant temperature sensors if not purchased from Borla
Injector harness	Holley	558-212	206701	Needed because Terminator X injector harness not compatible with USCAR connectors on Borla system injectors
CAN to USB communication cable	Holley	558-443	206791	Download free software from Holley to enable your laptop computer to communicate with the ECU via the vehicle CAN bus.

Fuel Components

Description	Manufacturer	Mfg P/N	Borla P/N	Notes
In-tank fuel pump	Aeromotive	18689	206523	53 GPH
In-tank fuel pump	Aeromotive	18688	206524	90 GPH
In-line fuel pump	Holley	12-800	206764	80 GPH
Fuel filter, 100 micron	Holley	162-551	206765	Pre-filter, before pump
Fuel filter, 10 micron	Holley	162-550	206766	Post filter, after pump
Fuel pressure sensor	Holley	554-102	206699	100psi, mount with 203275 adapter
1/8" NPT to -6AN O-ring adapter	Red Horse Performance	8148-06-5	203275	Enables pressure sensor or gauge to be installed in port on fuel rail crossover

Ignition Components

Description	Manufacturer	Mfg P/N	Borla P/N	Notes
Dual sync distributor	Holley	565-202	206772	
Ignition control box	Holley/MSD	6415	206537	
Ignition coil	Holley/MSD	86415	206833	

Air Cleaners

Description	Borla P/N	Notes
Drop-in screen – open screen, least restrictive	206357	8 Required
Bills B screen – double layer fine mesh	201236	Sold as set of 8
Snap on air filter – 4" diam x 1.75" tall	201273	8 Required
Drop-in air filter – most air restriction	201274	8 Required

Miscellaneous

Description	Manufacturer	Mfg P/N	Borla P/N	Notes
Linkage for TV cable (at time of ordering)	Borla	204156	204156	Required for automatic transmission such as AOD
Linkage for TV cable (field upgrade)	Borla	204150	204150	Required for automatic transmission such as AOD
Throttle cable – 36"	Lokar	TC-1000B836	206655	
Throttle cable – 24"	Lokar	TC-1000B824	206654	
Throttle cable – 48"	Lokar	TC-1000B848	206656	
Synchrometer	STE	STE-SK	206709	Used to balance throttles during tuning
Synchrometer adapter	STE	STE 118	206710	To fit sync meter in airhorns
Manifold gaskets	Fel-Pro	1250	None	
Manifold mounting hardware	ARP	Bolt kit 454-2101 Stud kit 400-2403	None	Both kits needed
Throttle to manifold seal (if replacements needed)	Various	Various (e.g. McMaster Carr 9452K123)	206682	Size is -035 (ID 2¼, OD 2 3/8, .07" width
